NIL

5.0 PROCEDURES

- FG Stores officer in charge should first ensure that the Batch is released by Quality Control Dept. for sale and distribution. The release certificate should be received from QC Dept. and should be filed by the FG Stores In charge.
- After obtaining the release certificate from QC Dept., FG Stores In charge should plan for the dispatch according to the Marketing/Depot requirements.
- Logistics shall arrange the container for the consignment at the plant.
- Dispatch of finished goods must be done through only the Approved Transporter
- Before transportation of finished goods, check the vehicle for the vehicle's condition and cleanliness (vehicle checklist).
- Dispatch of finished goods to be made on FIRST IN FIRST OUT (FIFO) basis.
- FG Stores officer in charge should prepare the Delivery Note with necessary details.
- FG Stores officer in charge should maintain Supply Note Book in which he/she should maintain all the details of dispatches with Batch Number, and quantities, dispatch destinations.
- Loose Shippers can be made full with pouches of other batches and the shipper should be marked as "Mixed Shipper" and details of the Mixed Shipper with Batch Number and Quantities of pouches of each batch should be maintained in the Supply Note Book.
- Dispatch documents shall be retained for product expiry +1 year or 5 years, whichever is longer.

NOTE: Physical transfer of Shippers from FG Stores into the Dispatch vehicle should be supervised by the FG Stores officer in charge and the Security personnel should cross check the quantities of shippers being dispatched.
